*with a compatible UPnP router

alienHero Features:

Easy Interface - Learn it in Minutes!

All Heros now have our **new**, ultra easy to use BlueDisc menu system. With its clear and simple layout it's easy to navigate and find all the features the alienHero has to offer.

AutoPort Plug-and-Play for Fast Internet Setup

AutoPort removes all the hassle and complication from setting up port forwarding. AutoPort "Plug-and-Play" means the DVR can automatically configure compatible routers for you, making internet setup easier than ever before.

HDMI, BNC & VGA Outputs - Use All 3 at Once

The alienHero's HDMI output provides a crystal clear, high definition image and works simultaneously with the standard BNC composites video outputs and the VGA output.

Free Dynamic DNS

The alienHero range comes with free DNS service making the Hero even better value as it saves you time and money.

Instant Detective

Instant Detective searches through video recordings stored on the DVR for movement in a particular area so you can find out what happened in seconds without trawling through hours of footage.

Hardwired Alarm Inputs

Hardwired alarm inputs for PIRs or door contact activation on **every** channel i.e. 16ch alienHero has 16 inputs.

VoiceOff Ready for Remote 2-Way Talkback

Using the VoiceOff alarm activated audio warning unit you can playback up to 9999 pre-recorded audio files to welcome visitors or warn off intruders. It even works as a talkback amplifier. For more information visit: www.voiceoff.com

Realtime D1 Resolution Recording

The alienHero DVRs record in realtime video from each of its 4, 8 or 16 camera channels so you don't need to miss a thing. Each channel can record up to 25FPS in D1 recording quality.

Built-in Help Documents

Each alienHero features built-in help documents accessible at all times so you'll always have help on hand.

Multi Channel Playback

See what happened where and when using the DVR's multi-channel playback feature to view up to 16 cameras at once on the same screen! The alienHero even allows synchronised playback so it's easy to watch the build up to an event on multiple cameras at once.

Comprehensive HDD Management

HDD management allows critical cameras to be allocated certain drives for recording. For example, a key camera overlooking a till can be allocated 1 drive for its recording whilst remaining cameras can be left with the remaining drive to share, extending the till's recording time!

Kontrol & Kommand Timed Relay Interface

The alienHero range works with the Kontrol & Kommand relay module through its RS232 interface to control up to 8 separate devices per module. Ideal for controlling 3rd party electrical devices such as heating or air-con systems.

Mobile Phone Viewing

Using the latest generation of Smart phones, live CCTV images can be viewed from the alienHero and the Phone Connect software even allows Pan Tilt control of compatible PTZ cameras. iPad, iPhone & Android apps are available for free.

Email Notification - Keep Updated!

alienHero sends an email with 3 JPEG attachments showing the "activated" CCTV camera image taken before, during and just after the alarm event occurs.

Network & Remote Monitoring

The CCTVWindow remote monitoring software is supplied free with the DVR so you can connect to the alienHero from anywhere in the world and watch live or recorded images on a standard PC or laptop!

Easy USB Backup

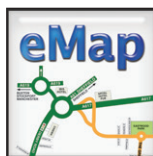

Once recorded on the HDD, recordings can be grouped for fast backup onto an external USB drive. Footage is easy to retrieve using the free CCTVWindow software to back up files over a network or over the internet onto a different PC.

Intelligent Recording - Saves HDD Space!

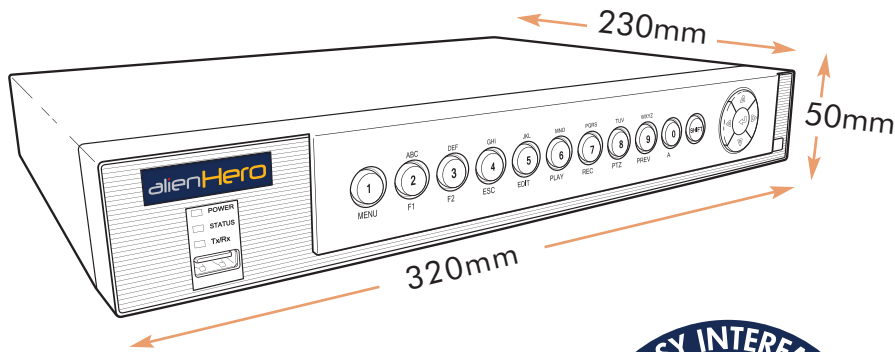

The alienDVR range has an intelligent alarm recording function that allows any camera channel with video motion detection setup to have a background recording frame rate and an alarm recording frame rate.

Electronic Mapping

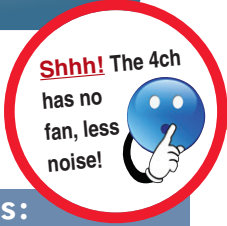

eMaps can be embedded into the superb CCTVWindow software to enable an easy way to select and see images from a camera in a simple and intuitive graphical user interface.
